

Flower-Insect Timed Count – insect guide

Flower-Insect Timed counts, or FIT counts, are part of the Pollinator Project.JE where we will be counting pollinators on patches around the island. Get involved at www.ceh.ac.uk/our-science/projects/pollinator-monitoring

Bumblebee

Honeybee

Solitary bee

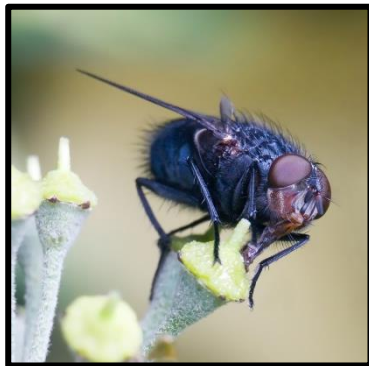

Wasp

Hoverfly

Butterflies and moths

Other flies

Beetles

Small insects (less than 3mm)

Other insects
